

September 2020

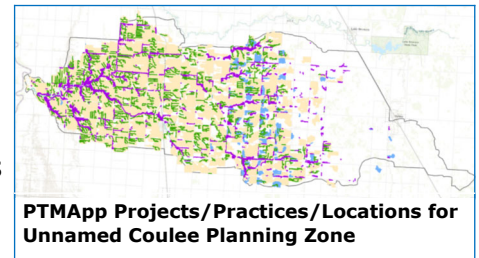

June through August, the Steering Team and Policy Committee met by remote access or in-person meetings.

Plan Sections 3 & 4

- The Policy Committee finalized and approved Plan Sections 3 and 4 on June 18.

Draft Plan Section 5 (Implementation Schedule—Planning Zones)

- The Steering Team, along with TSA GIS Specialist, Mary Steinlicht (maps) and BWSR, Henry Van Offlen (PTMApp), worked hard to put together the draft section, which was introduced to the Policy Committee meeting on August 20.
- Plan Section 5 begins by describing the three funding levels and PMTApp watershed modeling and application that was used to ascribe actions to some of the Measurable Goals (sediment, nutrients, storage). The Section goes into detail describing the uniqueness of each of the Planning Zones, existing conditions, natural resources, project accomplishments, summary priorities, summary goals, PTMApp results along with a table of actions to satisfy the Measurable Goals.

Plan Section 6 (Implementation Schedule—Watershed Wide)

- The Steering Team has started work on Section 6 that will delve into Capital Improvements, Education and Outreach, Regulation and Enforcement and Data Collection & Monitoring actions that will be done on a watershed wide level.

Plan Section 7 — Implementation Programs

- The Policy Committee was introduced to Joint Powers concepts on how the Plan could be executed in the next 10 years.

Calendar:

- Next TAC/CAC Meeting—Sept 24
- Next PC Meeting—Oct 15 ~finalize draft Plan Sections 5 & 6
